

Mentally Active Driving Program

Outline	Learning Objectives
<p>This half-day program provides participants with the most up-to-date information available on automotive safety. Each participant receives in-vehicle training that includes an evaluation to pinpoint their weak areas and coaching for improvement. Commentary while driving teaches participants to keep their minds on the driving task.</p>	<ul style="list-style-type: none"> • Defining defensive driving and preventable collisions • SAFE – Mentally active approach to collision-free driving • Six conditions that lead to a collision • The two-car crash • Gravel road driving • Backing collisions • Fatigue and inattention, air bags, deer collisions • Hands-on training in skid control • Brake and avoid techniques • An involved backing course
	<p>Competencies</p> <p>Participants are required to complete a written competency check to minimum 80% level in order to obtain a pass mark, and pass an in-car evaluation in alignment with their driver's license requirement.</p>
