

Ground Disturbance Level I[®]

Outline	Learning Objectives
<p>This half-day program is designed to ensure personnel are aware of the hazards and necessary items required to ensure safety. Participants are always under the direct guidance of a Ground Disturbance Supervisor with Level II[®] certification. The Level I[®] program was designed to meet the regulatory requirements for companies with a massive, fully supervised labour base. Emphasis is placed on recognizing hazards, and knowing when to stop work and inform the supervisor for further assessment. This course is assessed to the ABCGA 101 Ground Disturbance Standard.</p>	<ul style="list-style-type: none"> • Explain what a ground disturbance is, and when and why common hits occur. • Define what a Code of Practice is, and the need for one. • How to undertake a ground disturbance. • Distances involved when searching for an underground facility. • Illustrate minimum sources for searching for underground facilities. • Permits and pre-job meetings.
	<p>Competencies</p> <p>The competencies of this program are tested and measured through 100% participation of the learning objectives.</p>
