

Ground Disturbance Level II®

Outline	Learning Objectives
<p>This one-day program is designed for any party that is supervising a Ground Disturbance, independently performing a Ground Disturbance, or issuing and receiving Ground Disturbance permits. The program ensures that Level II® personnel are familiar with, and fully understand, all the regulations and variances involved when a Ground Disturbance takes place. The course is presented in a logical sequence – from the pre-planning stage to the actual dig – and highlights the ‘musts’ compared to the ‘shoulds’. Level II® is the standardized program recognized by industry regulators. Certification is valid for 3 years. This course is assessed to the ABCGA 201 Ground Disturbance Standard.</p>	<ul style="list-style-type: none"> • Clarify the sources when searching for underground facilities • Providing notification to facility owner • Receiving owner notification • Approvals/Crossing Agreements • Regulations • Creating the Plot Plan/Site Drawing • Line locating • Exposure • Back-fill inspections • Permits and pre-job meetings • Emergency Response Plans • Contacting an underground facility <hr/> <p>Competencies</p> <p>The competencies of this program are tested and measured through 100% participation of the learning objectives. Participants must achieve a minimum 80% pass mark on a written competency exam.</p>
